- Full blackout curtains
- 15 - 13-amp sockets
- Access – level from Hotel Lobby minimum door space 4 foot by 6'6"
- Internet . Dedicated Conference server . Hard wired connection available. 60mb download
- Windows (Triple glazed) on 2 walls

Treetops

An exceptionally light and airy rooms with large windows on two ends. On the first floor above Lauders Restaurant. Accessible by a leisurely staircase from reception or a short elevator journey.

- Build in 6 foot projector screen. Floor sockets for projector
- Low energy lighting , fully controllable in room, Full blackout curtains
- 3 X 13-amp sockets
- Internet . Dedicated Conference server . Hard wired connection available. 60mb download
- Minimum door size 2'8" by 6'6"

Rosemount

Rosemount is closely in proximity with the Lothian Suite and can suffer from extraneous noise if we have a large booking in Lothian. So we choose not to let the Rosemount if we have such a booking. The room itself is just of reception and is extremely popular with small meetings and interviews

- Build in 5 foot projector screen
- 2 wall sockets .
- Low energy lighting , fully controllable in room, Full blackout curtains
- Internet . Dedicated Conference server . Hard wired connection available. 60mb download
- Minimum door size 2'10" by 6'6"

Scott

A very handy breakout or interview room adjacent to reception. Small meetings and interviews regularly use this room. It has no natural daylight but full air-conditioning allows a fresh comfortable environment. Its proximity to our Lauder's Restaurant means that we , on occasion, do not let this room in case there is back ground noise from the restaurant.

- Build in 5 foot projector screen
- 3 wall sockets .
- Low energy lighting , fully controllable in room, Full blackout curtains
- Internet . Dedicated Conference server . Hard wired connection available. 60mb download
- Minimum door size 2'10" by 6'6"
- Air conditioning
